

## Product Specification

### General

<b>Yield type</b>	Nurseries
<b>Sub-Category</b>	Grafting clips
<b>Horticultural crop</b>	Solanaceae and cucurbits
<b>Description</b>	Grafting clip in thermoplastic both for cucurbits and solanaceae, depending on the diameters and the technique used by the customer. The particular softness and flexibility of the material ensures that the clips will adapt to the grafting point and lead the plant throughout its growth

### Material

Plastomer

## Technical and Packing Specifications
