To whom it may concern,

Subject: Quality Declaration – Paskal Technologies

We hereby declare that Paskal Technologies Agriculture Cooperative Society Ltd. is certified for ISO 9001:2015, a globally recognized standard for quality management systems. As such, we strive to produce and sell products according to the highest standards of quality that meet or exceed our customers' requirements.

Our commitment to quality is evident in all aspects of our operations, from the sourcing of raw materials and suppliers to the final delivery of products to customers.

Paskal Technologies establishes and follows strict quality control procedures, non-conformities investigations, and continuous improvement practices, to ensure that our products are of the highest quality.

Should you require any additional information related to our quality operations, please do not hesitate to contact us. We would be more than happy to provide you with the necessary details.

Best regards,

Nir Kedem
Global Quality Manager
